

Chavereys are proud to welcome Steph Prior to our East Anglian office.

Steph is a graduate of Writtle College and qualified as ACCA in 2000. In her spare time Steph enjoys rowing, cycling, walking and the odd bit of tractor driving on the family farm, in which she is a partner.

Steph worked with Henry Mullens at Grant Thornton for over ten years so this brings a well established partnership back together.

This is an important development for our East Anglian operations and we will continue to expand our team as demand for our specialist services grow.
